

The health and safety of our clients and employees are of highest priority. With the aforementioned in mind, we want to share what precautions we are currently taking as it relates to coronavirus (COVID-19).

We have placed extra cleaning items and hand sanitizer throughout our office for use by our clients and employees. Our conference rooms are being sanitized prior to and following all face to face meetings. Furthermore, we have provided our employees with reminders on how to stay healthy; practicing social distancing in the office and encouraging them to stay at home and contact a doctor if they are not feeling well.

As always, we are here for your wealth management needs, regardless of the situation, and have contingency plans in place to prevent service disruptions. Our office is open for business, but we understand that meeting face to face may not be in the best interest of preventing the spread of illness. We encourage you to contact us via phone or email with any questions you may have, to change the format of an existing appointment to a virtual meeting, or to reschedule your appointment to a later date. Please call us at 630.778.8088 or visit our [website](#).

As we monitor the current situation, we will continue taking proper precautions and will adjust our actions based on recommendations from the Illinois Department of Public Health (IDPH), the Centers for Disease Control and Prevention (CDC), the World Health Organization (WHO) and additional local and government health organizations.

We remain committed to work for you – as your advocate, your trusted resource, and your partner. Our best wishes for the health, safety and wellbeing of you and your families.
